INTRODUCTION

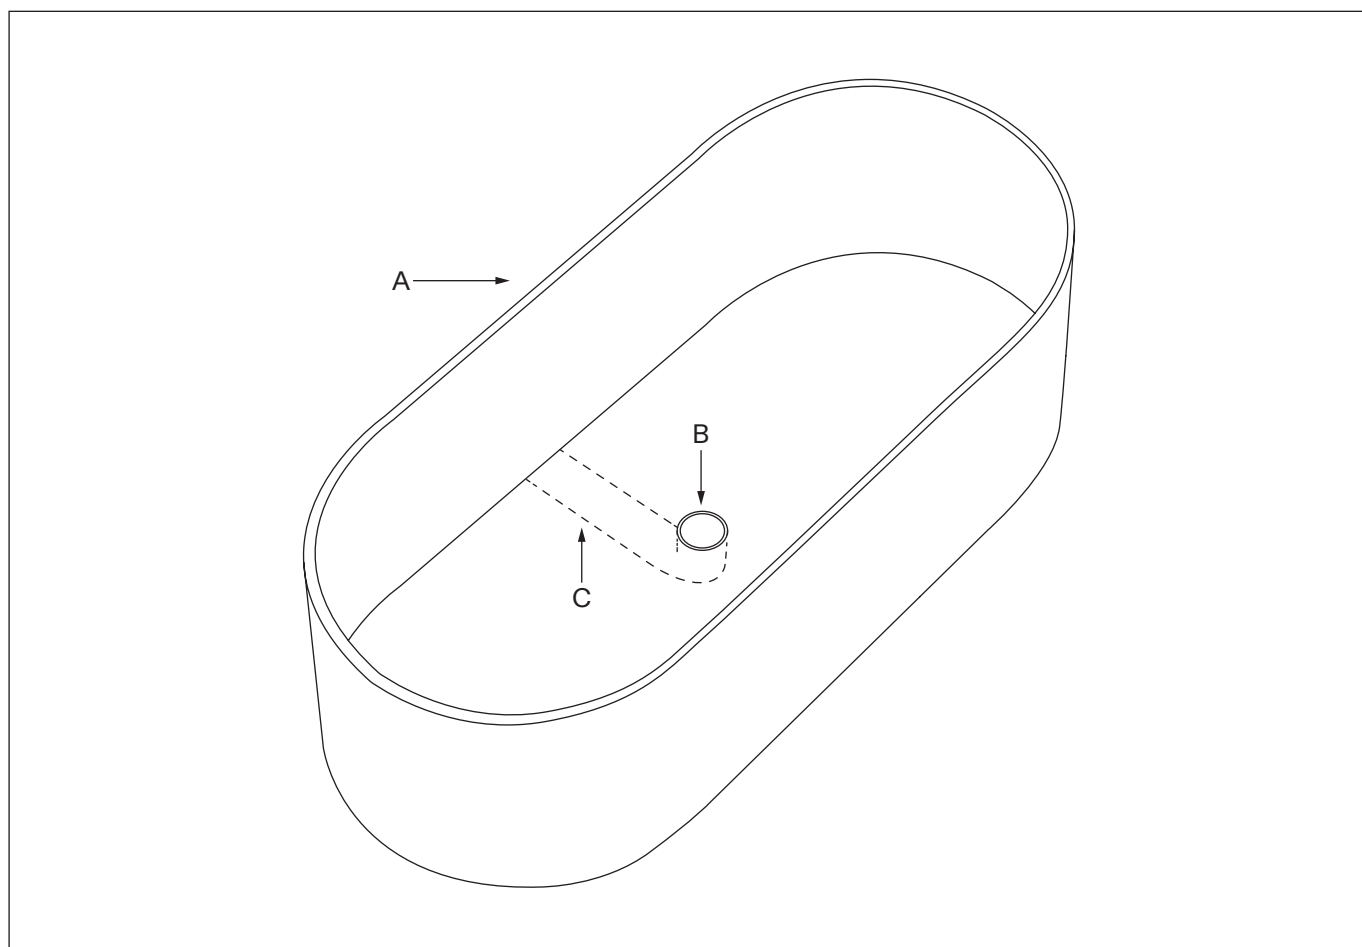

Thank you for purchasing from our Resin Bath Range.

Please read this guide carefully before installing, using and cleaning this product, and retain it for future reference.

If you have any queries in relation to this product or guide, please contact our Customer Service team on 020 3370 4057.

PRODUCT KIT

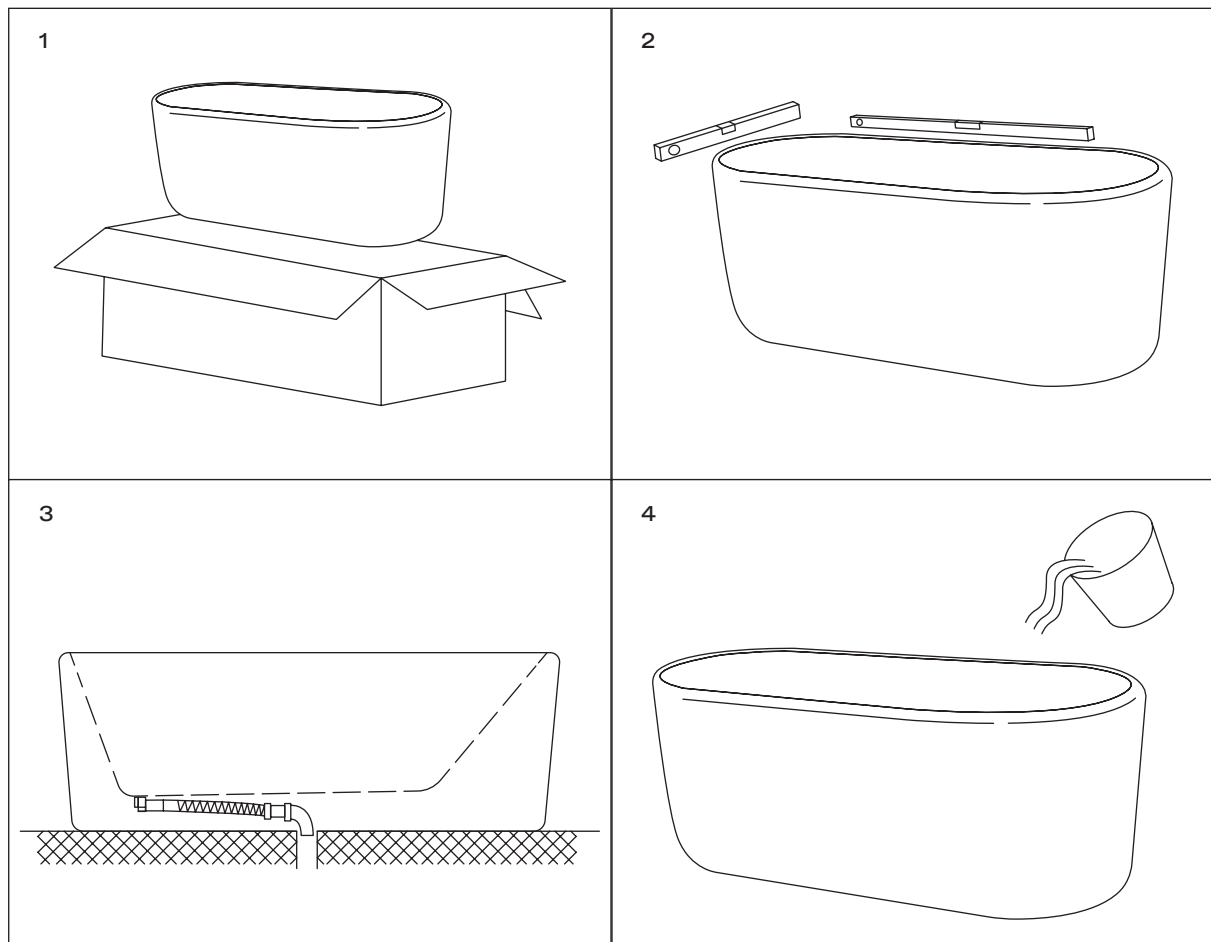

- A** Bath
- B** Drainer
- C** Waste Pipe

INSTALLATION STEPS

To ensure a flawless fit and finish, this product must be installed by a fully qualified plumber.

- 1 Carefully remove the bath from the packaging and position it in the desired installation position.
- 2 Using a spirit level, ensure that the bath sits in position level.
- 3 Connect the drain pipe.
- 4 Fill the bath with water to ensure that water is contained and drains correctly; installation complete.

CARE INSTRUCTIONS

To clean and maintain the flawless finish of this product, please follow the below instructions. Improper maintenance will void your product guarantee.

- ✓ Let the bathtub settle at room temperature for 48 hours before installation.
- ✓ Clean regularly with a soft, damp cloth and mild/delicate cleaning products.
- ✓ Wipe away residual water after use to prevent limescale buildup.
- ✓ Remove slight dullness or small scratches using 2000 or 2500 grit wet sandpaper followed by standard polishing paste.
- ✓ Ensure good room ventilation, hire a qualified contractor to install it, and use a mixer tap with a long enough spout so water doesn't blast directly onto the inner walls.
- ✓ Take extra care when stepping in and out, as wet resin surfaces combined with soaps or oils present a slip hazard.

- ✗ Do not fill with water hotter than 60°C or expose the tub to sudden drastic changes in water temperature.
- ✗ Avoid abrasive scrubbing particles, corrosive substances, acetone, ammonia, methanoic acid, or methanol (formaldehyde).
- ✗ Keep dyeing substances like hair dye, nail polish, or heavily colored bath oils away from the surface to prevent permanent stains.
- ✗ Keep open flames away and avoid installing the tub next to strong heat sources.
