

BOILING WATER TAPS CLEANING & CARE

INTRODUCTION

This guide outlines the recommended methods for cleaning and caring for your Lusso piece, ensuring it retains its beauty and performance over time. Thoughtful care will preserve the integrity of the materials and allow you to enjoy your product for many years to come.

In the unlikely event that a product does not perform as intended despite correct care and maintenance, Lusso offers guarantees across our collections, with durations tailored to each product. Full details of our guarantees can be found [here](#).

- Clean the spout regularly using a soft microfibre cloth with warm, soapy water. Dry thoroughly after cleaning to prevent water marks.
- Avoid using abrasive materials such as scouring pads, as these may scratch the surface.
- Do not use abrasive cleaners, acidic solutions, or harsh chemicals, as these can permanently damage the finish.
- To remove limescale use a soft toothbrush to target affected areas.
- Where possible, wipe away excess water after use to reduce the risk of marks or corrosion.
- During installation, ensure your plumber takes particular care, as this is when surface damage is most likely to occur.
- Avoid dropping the product as this has a chance of marking the surface.
- Change the boiler filter regularly to maintain the water quality.
