INSTALLATION STEPS

Please note, we recommend that this product is installed by a fully qualified electrician.

- 1** Before installation, locate the fuse box and turn off the power to the relevant circuit. Next, make sure to test the existing switch/socket to confirm that the power is turned off.
- 2** Check and confirm the existing electrical box is compatible with the ceiling fixture and can support its weight.
- 3** Using the hanging board part B, mark the hole spacing on the ceiling.
- 4** Secure Bolt A to the ceiling, ensuring precise alignment with the hole spacing on hanging board B.
- 5** Before proceeding, adjust the pendant cable to your desired drop length. The pendant drop can be set anywhere between a minimum of 65 cm and a maximum of 135 cm. Ensure the cable is securely fastened and the adjustment is locked in place before continuing with installation.
- 6** Attach hanging board B to Bolt A using Screw C. Ensure all screws are firmly tightened to provide a stable foundation for the pendant fixture.
- 7** Connect the wiring harness D from the pendant body to the ceiling wires.
- 8** Position the ceiling plate E over the hanging board B, and fasten securely using screw F. The plate should sit flush against the ceiling.
