

LIGHTING CLEANING & CARE

INTRODUCTION

This guide outlines the recommended methods for cleaning and caring for your Lusso piece, ensuring it retains its beauty and performance over time. Thoughtful care will preserve the integrity of the materials and allow you to enjoy your product for many years to come.

In the unlikely event that a product does not perform as intended despite correct care and maintenance, Lusso offers guarantees across our collections, with durations tailored to each product. Full details of our guarantees can be found [here](#).

GENERAL ADVICE

- Ensure electricity is off before cleaning.
- Use a soft, or microfibre cloth for both cleaning and drying.
- Never scrub the surface.
- Wipe splashes immediately.
- Avoid harsh or abrasive cleaners, chemical solvents and acidic substances, as these can damage the delicate stone and brass finish.
- Take care with sharp objects as these may scratch or damage the surface.
- For outdoor lights, apply a specialised outdoor protectant to ensure the longevity of the product.

ALABASTER

Follow all general cleaning and care instructions, and in addition;

- Gently dust the stone surfaces using a soft, dry microfibre cloth.
- For the brass detailing, use a dry or slightly damp soft microfibre cloth to maintain the finish.
- Avoid rubbing the alabaster surface excessively, as this may cause scratches, staining or dull its natural smooth texture.
- Alabaster is a porous material, so it should be kept away from areas with direct moisture or steam, and out of prolonged direct sunlight to prevent discolouration.
- Avoid using too much water to prevent water stains and moisture damage.

MARBLE & TRAVERTINE

Follow all general cleaning and care instructions, and in addition;

- Clean the surfaces monthly using a natural detergent and soft brush.

CUSTOMER CARE

If you have any questions regarding materials, care, or maintenance, our Customer Service Team is here to help:
