

Technical drawing of a rectangular plate. The overall dimensions are 1200 (width) by 400 (height). A central horizontal slot is 250 units high. A circular hole is located in the center of the plate, with a diameter of 600 units. The distance from the top edge to the center of the hole is 100 units.

Technical drawing of a rectangular plate. The overall width is dimensioned as 1200. The overall height is dimensioned as 170. The plate is divided into two equal sections by a vertical centerline. Dashed lines indicate internal features or hidden edges.

Technical drawing of a rectangular plate with the following dimensions and features:

- Overall width: 1200
- Overall height: 320
- Top flange thickness: 100
- Top flange width (inner): 80
- Central cutout width: 1195
- Central cutout height: 150
- Bottom flange thickness: 170

Technical drawing of a rectangular prism. The length is 400, the height is 150, and the width is 170. The total width of the drawing is 320.

Technical drawing of a rectangular plate. The dimensions are indicated by arrows and numbers: a length of 398, a total height of 170, and a height of 167 for the main body, with a small gap at the bottom right corner.

Technical drawing of a rectangular frame. The overall dimensions are 1195 (width) and 398 (height). The inner dimensions are 440 (width) and 262 (height). The frame has a total thickness of 100. The drawing shows a cross-section of the frame with hatching indicating the material. The inner dimensions are labeled 440 and 262. The overall dimensions are labeled 1195 and 398. The frame thickness is labeled 100. The drawing also shows a detail of the frame's profile with a width of 120.

Technical drawing of a rectangular plate with the following dimensions and features:

- Overall width: 1195
- Overall height: 170
- Four circular holes are positioned along the top edge.
- The distance from the left edge to the center of the first hole is 50.
- The distance between the centers of the first and second holes is 430.
- The distance between the centers of the third and fourth holes is 430.
- The distance from the center of the fourth hole to the right edge is 50.

Technical drawing of a rectangular plate with the following dimensions and features:

- Overall width: 1195
- Overall height: 320
- Top flange height: 50
- Bottom flange height: 50
- Distance from left edge to first hole center: 50
- Distance between first and second hole centers: 430
- Distance between third and fourth hole centers: 430
- Distance from fourth hole center to right edge: 50

Technical drawing of a rectangular plate with the following dimensions and features:

- Overall width: 1195
- Overall height: 398
- Left side features:
 - A vertical dimension of 300 from the top edge to the center of a circle.
 - A vertical dimension of 100 from the bottom edge to the center of the same circle.
- Right side features:
 - A vertical dimension of 300 from the top edge to the center of a circle.
 - A vertical dimension of 270 from the top edge to the top of a rectangular feature.
 - A horizontal dimension of 120 from the center of the circle to the right edge of the rectangular feature.

Technical drawing of a rectangular plate with the following dimensions and features:

- Overall width: 1195
- Overall height: 398
- Top-left corner: 70 (width) x 80 (height)
- Top edge: 400 (width) from the left corner
- Right edge: 140 (height) from the top edge
- Bottom edge: 110 (width) from the center
- Bottom edge: 1195 (width)
- Internal features: A circle and a rectangle are located in the upper right quadrant. The rectangle has a height of 180.

Product Name	Thinn His & Hers Vanity
Material	Stone Resin
Product Size (mm)	1200 x 40 x 320

All vanity units are supplied with no tap hole(s). If you require a tap hole, you will need to use a standard 38mm hole-saw drill attachment.
