

LUSO

Door Stop Installation

Equipment List:

- Lusso Door Stop x1
- Plastic Anchor x1
- Screw x1

Tools You Will Need:

- Drill
- Cross Head Screwdriver
- Hammer

Installation Guide:

Step 1 - Firstly, remove the lid of your door stop.

Step 2 - Mark out the space on the floor where you would like the door stop to sit. Using the drill, drill a hole into this area.

Step 3 - Once the hole is drilled, insert the plastic anchor into the hole and use a hammer to secure it into place.

Step 4 - Place the screw through the hole on the bottom of the door stop and line this up with the plastic anchor.

Step 5 - Using the cross head screwdriver, fasten the screw into the floor.

Step 6 - Once the door stop has been screwed to the floor, you can then fasten the lid of the door stop back on.
